

Criteria for Granting Secondary Credit to Students Transferring from Home Schools, Non-accredited Schools, and Unapproved Correspondence Schools

Adventist schools in the North Pacific Union Conference offering secondary subjects for credit may grant transfer credit to student entering from home schools, non-accredited schools, and/or unapproved correspondence schools. The determination will be made solely by the local school after evaluation of appropriate documentation and/or subject area competency tests.

The accompanying SECONDARY COURSE VERIFICATION FORM is to be completed by the parent(s) and student as early as possible in the admissions process. Local school officials will review the completed form and accompanying material when determining which courses will be granted credit.

If the local school officials have a concern in granting credit for any subjects listed, they may choose to administer one or more of the following test(s) to measure student proficiency in that subject area.

- national standardized achievement test
- published subject area competency tests
- teacher made subject area competency tests

Courses approved for transfer credit from home schools, unaccredited schools, or unapproved correspondence schools will be recorded on the local school's official transcript on a pass/fail basis. The SECONDARY COURSE VERIFICATION FORM will remain in the student's cumulative record.
