Generation Alpha Discussion

Diapers,
Training Wheels
and Artificial Intelligence

1. In the broad description of RoboGen what did you hear that you could do to better engage with this generation? Be specific.

2. What specific technological advances do you see has had an impact on the culture of your children.

3. Will what worked for you …. Work for them?

Share your thoughts … in just a couple of words or sentences on the chat

"30% of the world's population is under the age of 15.
70% of children are born into non-Christian homes.
40 million children in North America have not heard the Gospel
and
85% of all Christians accept Christ before the age of 14."
